_____

Leviosa Scholar

Improving the lives of people since 2020

_____

Group: **Excalibur**
Project: **Leviosa Scholar**

Prepared by:
1) Maryam Masyitah binti Jumaidin (1810676) Lead Developer
2) Nur Husnina binti Patohar (1817234) Assistant Developer
3) Sarah Nazurah binti Zulhairy (1810324) Group Leader
4) Mennatallah Khaled Mohammed Ramadan Aly (1823048) Assistant Leader

'Leviosa Scholar' is a website for applying and looking for information on scholarships. The project is intended for university students, especially IIUM students, to get information and to apply for scholarships from various companies.

1. Group Contributions
   Each of the team members prepared at least 1 web page for the progress presentation as shown in Table 1.

2. Future Enhancement
   Future enhancement are shown in Table 1

Name	Contributions	Future Enhancements
Sarah	- Page: Submission page. - Web elements: Submission button and scroll to top button.	btnScroll: Create a scroll to top button using JQuery and google font API.
Menna	- Page: Registration page. - Web elements: Register button.	Err: Create a user registration system using PHP
Maryam	- Page: Homepage - Web elements: Navigation bar, footer and logo.	-.slideshow-container: create slideshow using javascript.
Husnina	- Page: Company list - Web elements: Search menu, Subscribe button, pagination feature, home button.	-class="btn": Creating icon button using google font API and AJAX.

Table 1: Group Members Contribution and Future Enhancement

3. Use of third party resources

Javascript: Team member Maryam uses a **slideshow container** for creating slideshow on Homepage.
JQuery: Team member Sarah uses the **scroll button** for the Submission page.
HTML: Team member Husnina uses the **icon button** for creating home buttons on the company list page.
PHP: Team member Menna uses the **user registration system** to emphasize if the information is valid with sending error messages(will be in future enhancement).

Graphics: Team members Maryam, Husnina and Menna obtained graphics for the web pages from unsplash.com, a website for high quality stock photos.

Web Elements	Team Member	Modifications
Slideshow container	Maryam	In project part2, since there is no Javascript, the slideshow images will not appear hence an image is placed there to indicate and visualize as where the slideshow will be. Later on in project part 3, the slideshow will be able to function using javascript.
Icon button	Husnina	Icon button at bottom page
Scroll button	Sarah	Background color for scroll to top button.
Graphics for web pages	Maryam, Husnina and Menna	Some graphics are resized using CSS. Some images are resized using online image resizer such as: https://www.img2go.com/resize-image
